

10 QUESTIONS TO ASK YOUR DOCTOR

1. Is participating in an Etro Study a potential option for me?

2. How does this study compare to my other options?

3. Do I have the symptoms of moderately to severe active UC or Crohn's disease?

4. What types of medications have I previously used?

5. What are the potential side effects or risks of the study medication?

6. What are the potential benefits?

7. How could participating in the study affect my daily life?

8. What are my other treatment choices, if I choose not to participate in this study?

9. How does the treatment I would receive in this study compare with the other treatment choices?

10. What if I want to stop participating in the study?

PHYSICIAN: To find an investigational site near you, or if you have any questions regarding the Etro Studies clinical development program, please call our referral hotline at 1-844-ETRO-STUDIES

Visit www.EtroStudies.com for more information on the Etro Studies.
